13. Please describe this person's greatest strengths as a Instructional Assistant.
Please keep your comments constructive and professional, abiding by the Principles of Community

- Alex is exceptional as an Instructional Assistant, lecturer, and all around pleasant to speak with and listen to. Her discussions are informative, funny, and cover topics and material outside of lecture that have assisted me in understanding the structure of code to build on top of the concepts in lecture. Alex is personable and takes time outside of her discussion hours to answer questions and make conversation, I wish her the best in her career and in her future.

- Alex's greatest strengths as an I.A. is to come early to discussion time to prepare and answering any questions about topics taught in lecture or programming assignments with examples.

- Extremely understanding

- Great explanations, answers all questions, cares about students learning.

- I find their lectures during discussion sections interesting.
